Welcome to our Membership Offer 2025-26

The King Edward School Sport Partnership is pleased to introduce our brand new membership offer for 2025-26. We are proud to work with our local schools, staff and external providers to give every young person access to high quality sports opportunities, whatever their background.

Last year saw a record number of young people taking part in our School Games events, leadership programmes and festivals. We are very thankful for the support of schools to help us deliver such a comprehensive offer to local students.

As always, we are excited to welcome in a new academic year. Our membership offer seeks to support all young people through competitive events, festivals and personal development opportunities.

We are looking forward to working with all our schools this year!
